Teach Social Skills to Prevent or Replace Unwanted Behavior in the Group Setting - Jamie Waldvogel

10:15am-12:15pm - II.C/Level 1/CDA 3

Inability to perform appropriate social skills is a common reason why toddlers and preschoolers display challenging behaviors in the group setting. In this workshop, we first review how to respond to unwanted behaviors while minimizing the potential that the child learns new unwanted behaviors. We review the common reasons for unwanted behaviors in the group setting. We describe 6 pivotal social skills to teach children aged 18 months to 5 years old, and provide an experiential method for teaching the social skills to children in the group setting.

or

Movin and Grovin Fun for under \$10.00 - Barb Wagner

10:15am-12:15pm - II.D/CDA 2

Children are born to move and current research shows that increased physical activity leads to better outcomes for children. Come discover some new ideas for low equipment and many activities that you can use right away to increase your children's physical activity and infuse some fun!

The Power of Play - Joshua Koeppe

1:00pm-3:00pm - II.C/CDA 3

Learn and practice games that foster positive social and emotional development in children. We will examine a unique way to categorize games and explore strategies that maximize the potential for social skill development during organized group play.

or

Active Supervision: Preventing Child Injuries in Family Child Care Setting - Sharyl Kalal

1:00pm-3:00pm - VII.B/Level 2/CDA 1

Meets the Family Child Care provider annual supervision training requirement. This training curriculum will identify the leading causes of early childhood injuries in general, and specific to child care settings; discuss strategies to prevent child injuries in family child care settings via risk assessment and hazard mapping tools; and identify procedures to follow if an injury occurs during care to be in compliance with licensing regulations.
